

u22::audio::SoundFile
::GetFormat

```
graph LR; A["u22::audio::SoundFile  
::GetFormat"] --> B["alGetEnumValue"]
```

A diagram showing a call from a C++ function to a Windows API function. On the left, a gray rectangular box contains the text "u22::audio::SoundFile" on the first line and "::GetFormat" on the second line. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text "alGetEnumValue".

alGetEnumValue
