

glm::detail::compute
_faceforward::call

```
graph LR; A["glm::detail::compute_faceforward::call"] --> B["glm::dot"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box is shaded gray and contains the text 'glm::detail::compute_faceforward::call' in two lines. The right box is white with a black border and contains the text 'glm::dot' in a single line. A solid blue arrow points from the right side of the gray box to the left side of the white box.

glm::dot
