

glm::make\_mat3x4

```
graph LR; A[glm::make_mat3x4] --> B[glm::value_ptr]
```

A diagram showing a relationship between two GLM functions. On the left, a gray rectangular box contains the text 'glm::make\_mat3x4'. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'glm::value\_ptr'. Both boxes have a black border.

glm::value\_ptr
