

SndfileHandle::read

```
graph LR; A[SndfileHandle::read] --> B[sf_read_float]
```

A diagram showing a call from SndfileHandle::read to sf\_read\_float. The first box, labeled 'SndfileHandle::read', is white with a black border. A blue arrow points from its right side to the second box, labeled 'sf\_read\_float', which is gray with a black border.

sf\_read\_float
